**Subject:** v. [REDACTED]

I wanted to let you know that I did receive your summons for the [REDACTED] case scheduled for trial on Tuesday, Jan. 18 and that I should not have a problem being there if needed (I am also on call for 3 district cases in Springfield that day as well). I'm guessing that the case is starting on the 18th and that a jury has not been chosen yet, and therefore I will not be needed until the afternoon at the earliest, and more likely on Wednesday. With that said, I will assume that I am on call unless I hear from you otherwise (i.e. if you call and tell me to be there at a specific time/day that you want me there).

One last note: Knowing that the weather tomorrow is not suppose to be nice, I thought that I'd inform you that the drug lab normally operates on the UMass snow schedule (i.e. if there are no classes, we don't come into the lab, and if there is an early dismissal, we get to go home early). That does not necessarily mean that I would not be able to go to court if needed. So, if you try calling the lab phone number and nobody picks up, you can try calling me on my cell: [REDACTED] Thanks.

-Sonja
